Commissioner:

Section 1: Preliminary Statements:

In compliance with the duty of disclosure under 37 CFR §§ 1.56, 1.97 and 1.98, and in accordance with the provisions in the manual of patent examining procedure §§ 609 and 707.05(B), enclosed is Form PTO-1449 listing references that are known to applicant. Copies of each of the listed references and documents are enclosed. This filing is made during one of the periods described in 37 CFR § 1.97(c). The fee set forth in 37 CFR § 1.17(p) is enclosed.

Many of the references listed on the attached Forms PTO-1449 were cited in Office Actions issued for co-pending patent applications that are commonly assigned to the assignees of the above-referenced U.S. patent application. Also listed on the attached Forms PTO-1449 are Office Actions issued for co-pending patent applications that are commonly assigned to the assignees of the above-referenced U.S. patent application.

Reference 5 on the attached Form PTO-1449 (U.S. Publication No. US2004/0254808; Bennett et al.) is a co-pending application that is a continuation application of Application Serial Number

Serial No. 09/684,861

Supplemental Information Disclosure Statement

09/684,865, which was filed October 6, 2000, which has been assigned to the assignees of the above-referenced application for which this Information Disclosure Statement is filed. The Brief Description of the Drawings, the Detailed Description of the Invention, and the Illustrative Embodiments sections, and the drawings of Reference 5 are substantially identical to the Brief Description of the Drawings, the Detailed Description of the Invention, and the Illustrative Embodiments sections, and the drawings of the above-referenced application for which this Information Disclosure Statement is filed.

Reference 13 on the attached Form PTO-1449 (U.S. Application No. 11/123,536; Bilibin et al.) is a co-pending application that is a divisional application of Application Serial Number 09/684,014, which was filed October 6, 2000, which has been assigned to the assignees of the above-referenced application for which this Information Disclosure Statement is filed. The Brief Description of the Drawings, the Detailed Description of the Invention, and the Illustrative Embodiments sections, and the drawings of Reference 13 are substantially identical to the Brief Description of the Drawings, the Detailed Description of the Invention, and the Illustrative Embodiments sections, and the drawings of the above-referenced application for which this Information Disclosure Statement is filed; a copy of pages 1-3 and 97-100 are provided.

While this Information Disclosure Statement, and the references and documents cited in the enclosed Form PTO-1449 may be "material" pursuant to 37 CFR § 1.56, submission of this Information Disclosure Statement and citation of the references and documents listed in the enclosed Forms PTO-1449 are not intended to constitute an admission that any patent, publication or other information referred to herein is "prior art" for this invention unless specifically designated as such.

In accordance with 37 CFR 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR 1.56(a) exists.

It is respectfully requested that the listed references and documents be considered in the examination of this application and identified on the list of references cited on the patent issuing for this application. Applicant also requests that an initialed copy of Form PTO-1449 be entered in the application file and returned to Applicant with the next communication from the office in accordance with MPEP §609.

Section 2. FORM 1449

A list of patents and publications is set forth on the enclosed Form PTO-1449.
